Company History

Advent Electric has been serving East Tennessee and the surrounding areas for the past 30 years. Our facility construction types are wide ranged throughout industrial, commercial, healthcare, and institutional. The next time you have an electrical construction project weather new, old, expansion, renovation, demolition, or construction give us a call. We are eager to contribute to the success of your business.

Electrical Construction

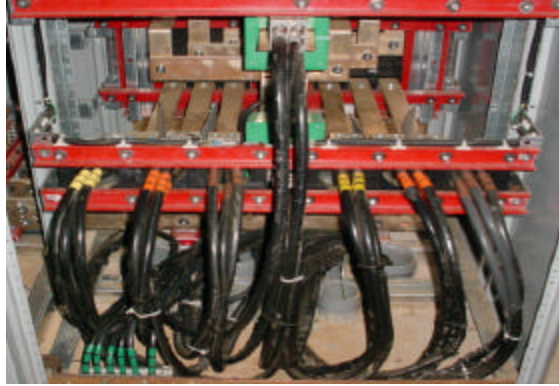

Over the past years some of our clients include:

- The Knoxville Convention Center.
- Blount Memorial Hospital.
- Boyds Bear.
- Harrah's Cherokee Casino.
- The Knoxville-News Sentinel

Maintenance

In today's day and age when reliability and time are of the essence. We here at Advent Electric take pride in our ability to respond to your electrical needs in a professional and timely manner. We also understand the importance of a reliable electrical network and how it influences your business that is why more, and more facilities require electrical reliability inspections.

Service

Our service capabilities allow us to excel in meeting our clients needs and expectations.

With Advent Electric you receive:

- Prompt Professionals
- Excellence in Installation
- Unsurpassed Experience
- Electrical Support with your Project

Automation

Whatever your control or automation needs are, our automation experts excel in the field.

From a simple proximity switch, to a complex network of conveyors, and their associated components. Our automation staff can easily assist in purchasing, installation, troubleshooting, and repairing/replacing, of many manufacture types.

Infrared Scanning

Advent Electric offers more than just infrared scanning of electrical equipment.

We offer solutions and not a service to:

- Increase Electrical Equipment Lifespan
- Lowering Utility Costs
- Enhance Your Business Position
- Reduce Insurance Costs
